### Bliss

Bliss was one of six puppies born just short of midnight December 24, 2000. All Except for Bliss went on to achieve the title of Champion. Two of her brothers went to Amsterdam, Holland and earned honors. Bliss showed, but never had the desire to complete the course. A bit of attitude delayed the process. She was her own dog.

She did however, produce six Champions. In her later days she was content to just guard the couch and enjoy traveling in her RV.
