

# DINI

On June 27, I lost my beloved little Brussels Griffon, Dini. I had taken her to the vet's to be spayed and she got away from a staff member and disappeared (likely into a wooded neighborhood on a wide avenue). After hours of searching, putting up posters and contacting every relevant entity (including your organization) we learned that some time, most likely in the early dawn, she ran into the street and was killed.

You can all imagine the grief I am feeling and I find that the only thing I can think of is to try to make some small amount of good come out of this nightmare.

Enclosed is a donation, given to me by the Dupont Veterinary Clinic for donation to my choice of organizations. I hope that this money can be used to alleviate the suffering of some other Brussels. It is given in the name of Dini Orlowitz.

Sincerely,

Sheri L. Orlowitz
