

Kingsley

Owned by Kathy Athun

Kingsley was a one in a zillion dog and a one in a zillion Griff. It was unbelievable how much personality fit into his tiny 5.2 lbs. And, just as many hilarious quirks that were continually evolving and changing. He could not have been cuter and every morning when I woke up I thought, 'How could I ever have a bad day with that cute face looking at me every morning?' He will never be forgotten and he was taken way too soon. Kingsley is missed by his Mom, his brother Morty and everyone that knew him.
